The person who is acting on your behalf will be authorised to talk to staff of the National Bowel Cancer Screening Program. If you wish to update these details at any time, please call the National Bowel Cancer Screening Program Contact Centre on 1800 118 868.

12 Your privacy

Your personal information is protected by law, including the *Privacy Act 1988 (Cth)* and the *National Cancer Screening Register Act 2016*, and is being collected for the Australian Government Department of Health, for the purpose of including information about you on the National Cancer Screening Register (NCSR) as part of the National Bowel Cancer Screening Program. Personal information about you has also been collected from the Department of Human Services as part of the process of inviting you to undergo screening and may be collected for follow-up after you have had a screening test.

Your information may be used by the NCSR or given to other parties to provide you with healthcare, for the purpose of research, investigation or where it is required or authorised by law or court or tribunal order.

If you require more information visit the website www.ncsr.gov.au.

13 Acknowledgement

By signing below as the Participant, I confirm that I am capable of making my own decisions in relation to my health affairs. Alternatively, if signing as the personal representative on behalf of the participant, I confirm that I am legally authorised to act on the Participant's behalf.

I acknowledge that:

- by completing and returning this form and/or the test to the pathology laboratory I am agreeing to become a participant in the National Bowel Cancer Screening Program;
- by agreeing to participate in the National Bowel Cancer Screening Program I agree to being invited again in the
 future to complete tests during the period I am eligible to participate except during any time I opt out or defer my
 participation;
- by nominating my healthcare provider in Section 2 of this form, I agree to this person being updated in my profile
 on the National Cancer Screening Register (NCSR), to receive a copy of my test results and access details
 about me and be contacted if I need to be followed-up in relation to my bowel screening.
 - If only a medical practice is nominated, the results will be sent to the principal doctor in that practice, who will therefore be recorded as my doctor in the NCSR.
 - If I see another healthcare provider for bowel screening, they will also be recorded in the NCSR and will receive information about my bowel screening.
- if a personal representative has been nominated to act on behalf of the participant in Section 11 of this form, the NCSR may contact the nominated personal representative to confirm the nomination and seek further legal documentation (if required);
- I may opt out or defer my participation in the Program at any time by completing the opt out or defer advice notice available on www.ncsr.gov.au or by phoning the National Bowel Cancer Screening Program Contact Centre on 1800 118 868 (free call);
- I have read, or had explained to me, and understand the National Bowel Cancer Screening Program Information Booklet, the *Your Privacy* section of this form and the test instructions; and
- the test samples I have provided will be tested for the presence of blood, and I understand that:
 - screening tests are not always 100% accurate (as some cancers do not bleed or only bleed on and off) and therefore test results cannot be guaranteed (studies indicate that these tests detect 60–85% of cancers); and
 - if blood is found in the sample provided it is my responsibility to contact a doctor to discuss the results, the nature and risks of any further tests and to arrange for further tests following a full clinical assessment. It is not the responsibility of the Program or its employees, agents or anyone connected with this test procedure to do this for me.

14 My Health Record

My Health Record is an online summary of your key health information. For further information refer to www.myhealthrecord.gov.au.

If you have a My Health Record, pathology reports may be uploaded to that record. You do not need to give consent every time but you need to indicate what tests you **do not want** uploaded to your record **every time you have that test** performed.

When you do the National Bowel Cancer Screening Program test, your reports will be sent to My Health Record, unless you indicate you do not want this to happen by marking the box below.

Do	not send re	ports to My	Health Record	d

15 Returning your form and test samples

Please return this form with your completed test samples in the reply paid envelope provided.

If you have already returned the test samples but did not include this form, please send it to the address below. Your test result will not be sent to you or your doctor if this form is not returned.
